ATTENZIONE: leggere attentamente queste istruzioni prima di procedere all'installazione della scheda Wi-Fi. L'inosservanza di quanto prescritto può causare danni alle cose e/o alle persone, nonché il malfunzionamento del dispositivo.

ATTENZIONE: scollegare l'alimentazione elettrica prima di qualsiasi intervento che preveda l'apertura del coperchio!

✂ INSTALLAZIONE

Dopo aver tolto alimentazione al dispositivo, attendere almeno 5 minuti per la completa scarica di tutti i componenti interni.

Rimuovere il coperchio e con un cacciavite piatto fare leva nella fessura dell'alloggiamento della scheda Wi-Fi presente sul coperchio nero interno, a fianco del display (figura 1).

Inserire la scheda Wi-Fi nella fessura ricavata in precedenza, facendo molta attenzione all'allineamento tra il connettore della scheda e quello della scheda elettronica del Sirio 2.0 (figura 2).

Il simbolo del cestino mobile barrato indica che, a tutela dell'ambiente, l'apparecchiatura alla fine del suo ciclo di vita non può essere smaltita insieme ai rifiuti domestici.
Smaltire il dispositivo ed il materiale d'imballo secondo le prescrizioni locali.

EN

CAUTION: read these instructions with care before proceeding with installation of the Wi-Fi board. Failure to observe these instructions may lead to damage and/or physical injury, as well as device malfunctions.

CAUTION: disconnect the electrical power supply before any intervention that requires opening of the cover.

✂ INSTALLATION

After disconnecting the power supply from the device, wait at least 5 minutes for all internal components to discharge completely.

Remove the cover and use a slotted screwdriver as a lever in the slot of the Wi-Fi board housing on the inside of the black cover, alongside the display (Fig. 1).

Insert the Wi-Fi board in the slot created previously, taking great care to align the connector of the Wi-Fi board with that of the electronic board on the Sirio (Fig. 2).

The symbol of the crossed out bin means that to safeguard the environment the equipment cannot be disposed of with other household waste at the end of its lifecycle.
The equipment and packaging must be disposed of according to the local regulations.
